

MONONGALIA COUNTY SCHOOLS

STUDENTS' TECHNOLOGY ACCEPTABLE USE FORM

Grades Pre-K - 2
2021-2022

An Acceptable Use Policy must be signed by the parent in order for the student to continue using any technology including the Chromebook! Not signing and agreeing means that your child will not have access to technology including the Chromebook.

Monongalia County Schools (MCS) encourages the use of technology to further its educational mission and to facilitate effective, leading edge educational practices. It is the general policy of MCS that all technology resources are to be used in a responsible, efficient, ethical and legal manner. We want our students to become 'digital citizens' and appropriately and safely learn, work, play and live in today's global society.

As a technology user, each student must adhere to all West Virginia State and MCS policies including the following acceptable use guidelines. It is a student's responsibility to follow these guidelines with all MCS technology when used at school or elsewhere. Students must understand that using the school's technology is a privilege, and if they break the rules, they might not be able to use the computer and other devices.

Student Responsibilities:

- I will always ask permission before using any technology.
- I will ask for help if I don't know what to do, or if something is not working.
- I will use technology only when my teacher is with me.
- I will follow my teacher's instructions and only work on the programs, assignments and web pages that my teacher tells me to use.
- I will use only my own files and folder on the server.
- I will be safe when using technology and not give out or share any personal information.
- I will use only my usernames and passwords and not share them with others.
- I will tell my teacher right away if I see or read anything that makes me uncomfortable.
- I will be polite, respectful, and kind to others at all times.
- I will only take and send appropriate pictures and messages.
- I will not buy or sell anything online.
- I will follow the school and county rules when using personal devices.

Student Fair Use and Copyright:

- I will do my own work and not copy the work of others that I find on the internet or other places.

Equipment Use

- I will be careful when using a computer, a laptop, a Chromebook, tablet or other device.
- I will not eat food or drink anything near any kind of computer equipment.
- I will not touch someone else's computer, laptop, Chromebook, tablet or another device.
- I will take care of my device (Chromebook, tablet or other) both in school and out of school!
- **If I break my device, I may be without one for a long time.**

Student Network Security:

- I will not click on ads or boxes that pop up on my screen.
- I will not download, upload, or install anything on school technology without my teacher's approval.
- I will not go around network security or disrupt the use of the network by others.

For further information refer to both, West Virginia State Policy 2460 (<http://wvde.state.wv.us/policies/>) and MCS policy and guidelines (<https://goo.gl/mWL5hk>).

These policies are established to ensure safe, appropriate and educational use.

Post this list at home and periodically go over these policies.

Great Parent Resource - <https://www.commonsemmedia.org/>

Together, we can better keep your child safe while using technology!

**MONONGALIA COUNTY SCHOOLS
STUDENTS' TECHNOLOGY ACCEPTABLE USE FORM**

Grades Pre-K - 2
2021-2022

Please return this page to school.

Post the first page at home (maybe refrigerator) and periodically review with your child

An Acceptable Use Policy must be signed by the parent in order for the student to continue using any technology including the Chromebook! Not signing and agreeing means that your child will not have access to technology including the Chromebook.

I will do my best to follow the school rules for using all technology.

Student Name _____

Student Signature _____

Homeroom Teacher's Name _____ Circle Grade: Pre-K K 1 2

I have read and discussed the Monongalia County Acceptable Use Policy for Grades Pre-K-2 with my child.

I understand that Monongalia County Schools provides access to desktop computers, laptops, Chromebooks, tablets, networks, the Internet and other technologies as a tool to facilitate learning and enhance the educational development of all students and that there are consequences if my child does not follow these rules.

As the parent (guardian) of _____ (student's name), I have read the previously mentioned consent and waiver for use of technology in school and have discussed this with my son/daughter. I understand that this access is for educational purposes only, and that it is the responsibility of my child to restrict his/her use to classroom projects assigned.

Your child's picture may appear on the school/county web page or newsletter. Guidelines have been set so that a child is not identifiable by name. If you do not wish for your child's picture to appear, please notify the school in writing within five days of signing this form.
